## **UNFINISHED BUSINESS**

### **Deliberations on Proposed Amendments to Board's Rules and Regulations**

The Board held their deliberations from the January 10, 2018 public hearing regarding the proposed amendments to the Board's rules and regulations. The Board reviewed the written public comment submitted by the Medical Society of Delaware objecting to the proposed change to Regulation 8.12.3. Ms. Nellius moved, seconded by Dr. Devereaux, to adopt the proposed changes to the rules and regulations. The motion carried unanimously.

## **ADOPTION OF THE AGENDA**

Mr. Hare moved, seconded by Mr. Brown, to accept the agenda with an amendment to include "AARP Bills" under Legislative Update. The motion carried unanimously.

## **COMMITTEE REPORTS**

### **APRN Committee**

Dr. Williams informed the Board that the Committee met on January 22, 2018. The Committee reviewed and approved six applications for independent practice. The Committee reviewed and discussed the current language surrounding recertification standards for APRNs, and it appears that the Board's requirements are incongruent with the standards. The Committee will continue discussions during the

next regularly scheduled meeting.

The Committee discussed the APRN distance education program requirements. It was determined that students enrolled in APRN distance education programs who have a clinical site in Delaware, as well as onsite clinical faculty preceptors, must have a Delaware license. Faculty from outside states who are virtually overseeing the students are not required to have a license.

The Committee will hold elections during the next regularly scheduled meeting. Dr. Williams' term as Chair is coming to an end. Dr. Castaldo has expressed interest in serving as Chair, and an election will be held at the next meeting. Upon recommendation from the Board of Medical Licensure & Discipline, Dr. Rubacky was appointed to serve as a physician member of the APRN Committee. The Committee is scheduled to meet on March 19, 2018.

Mr. Mangler reported that 60 applications have been approved for independent practice, detailing the number of applications that have been approved for each APRN specialty.

### **Practice and Education Committee**

Ms. Bastholm advised the Board that the Practice and Education Committee met on February 9, 2018. The Committee reviewed the materials submitted by Med-Life Institute consisting of approximately 500 +/- pages at their February 9, 2018 meeting. Based on the materials submitted, which did not include the submission of the appropriate application form indicated in the Board's Rules and Regulations at 2.5.1.1 (a "Phase I" application), the Committee found: 1) the Administrative Officer could not be identified, 2) there were no results in the materials of the required Needs Assessment, 3) there was insufficient identification of financial resources, 4) the status of the national accreditation was unclear, 5) the type of education program proposed was unclear in that the binder of information contained information regarding an ADN pre-licensure program, a RN to BSN program, and a MSN program, 6) the only clinical opportunities information that was mentioned in the materials is the utilization of a location in Princeton, New Jersey, 7) the faculty to student ratio was cited as 1:12, 8) there was no information included or found regarding such things as microbiology labs, no lab texts, no lab equipment description, as examples, 9) The materials were unclear as to the non-clinical coursework and faculty, 10) the number of general education courses listed in the materials in the binder does not equal the number stated, 11) the availability of qualified faculty is not apparent, and 12) the proposed timeline for expanding the program is mentioned only in relationship to the proposed budget. The Committee recommended that the Board propose to deny the application. The motion carried unanimously.

The Committee considered a request from the Department of Defense to recognize the 4N051 education program as meeting all LPN program requirements, and to be recognized by the Delaware Board of Nursing. The Committee reviewed the NCSBN White Paper regarding military education programs for Army and Air Force Medics and Navy Hospital Corps staff. The Committee questioned the relationship between the 4N051 program and the Community College of the Air Force (CCAF) and whether or not the individuals who complete 4N051 and reach a specific advanced level would receive a diploma from the Community College of the Air Force. Any eventual recognition may require a change to the Board's statute and rules and regulations, if it is determined that the program does meet curriculum requirements, but the individuals do not receive a diploma from the CCAF.

As requested at the previous Board meeting, the Committee reviewed Regulation 2.4.1.5.10, as a result of changes to the ACEN requirements. The Committee recommended that the Board retain the specific regulation as it currently exists.

## **PRESIDENT'S REPORT**

Dr. Zickafoose will not be able to attend the NCSBN Mid-year meeting so Mr. Mangler will represent the Board at the Interstate Nurse License Compact Commissioners' meeting and the NCSBN Mid-year meeting which are being held March 4 – 7, 2018, in Chicago, Illinois. Dr. Zickafoose reported that the IRE Conference that she attended was a wonderful meeting, which focused on information and big data. She was involved in the pre-conference workshops. The next NCSBN IRE Committee meeting is scheduled for March 19-20, 2018.

Dr. Zickafoose informed the Board that her research regarding substance abuse and the efficacy of educational strategies in Delaware was published in the January 2018 Journal of Continuing Education in Nursing.

## **EXECUTIVE DIRECTOR'S REPORT**

Mr. Mangler introduced new employees of the Division of Professional Regulation to the Board. He advised the Board that the closing of the Executive Director position posting was extended for an additional week. The position will close on February 15, 2018. Mr. Mangler thanked the Delaware Nurses Association for advertising the position on social media.

The Board observed a brief recess from 9:54 a.m. until 10:04 a.m.
